# Vision & Mission

## ► Company Vision

ooo

To be a globally recognized leader in sustainable vanilla and plantation cultivation, delivering premium quality crops while creating lasting value for our investors, communities, and the environment. We strive to make Koslanda Plantation (Pvt) Ltd a trusted name for excellence, innovation, and ethical growth in the global agricultural industry.

## ► Company Mission

ooo

- Produce and supply premium, traceable vanilla and plantation crops to meet local and international market demand.
- Advance sustainable agricultural practices that strengthen rural livelihoods.
- Provide transparent investment opportunities with clear returns and robust risk mitigation.

Since

2019

## Executive Summary

Koslanda Plantation (Pvt) Ltd is a rapidly growing Sri Lankan agriculture and export company, specialising in the cultivation and supply of premium vanilla together with cinnamon, pepper, tea and allied plantation crops. Founded on **23 December 2019** by **Mr. C. Weerasinghe**, Koslanda Plantation (Pvt) Ltd combines traditional plantation stewardship with modern agronomy, traceability and investor-friendly plantation models to deliver exceptional quality for both local and global markets.

## Chairman & Managing Director Message

At Koslanda Plantation (Pvt) Ltd we believe great farming begins with respect: respect for the land, for nature and for people. Since founding the company in 2019, our goal has been to grow world-class vanilla and plantation crops while building sustainable livelihoods for our communities and transparent, high-value export channels for our customers and investors. We combine careful agronomy, consistent quality controls and a commitment to sustainable, ethical practices. I invite partners, buyers and investors to join us — together we will harvest excellence, responsibly.

## Core Values

1

Quality First

2

Sustainability

3

Integrity & Transparency

4

Community Impact

5

Innovation

# What We Grow

## 1 Vanilla

High-grade Bourbon-style vanilla from our Koslanda estate, cultivated for superior aroma and pod quality.

## 2 Pepper

High-quality pepper suitable for food processors and spice traders.

## 3 Cinnamon

True Ceylon cinnamon cultivated and prepared for spice export markets.

## 4 Tea

Specialty small-batch tea from select highland blocks.

# What We Grow

## 5 Fruits & Vegetables

Tropical fruits like banana, papaya and seasonal vegetables.

## 6 Flowers

Specialty cut flowers and ornamentals for domestic and export markets.

## 7 Pepper

High-quality pepper suitable for food processors and spice traders.

## 8 Cardamom

Known as the “Queen of Spices,” our cardamom is cultivated in shaded highland areas under ideal climatic conditions.

# Investment Opportunities & Services

Koslanda Plantation (Pvt) Ltd offers structured plantation investment plans for both domestic and international investors, providing:

- Attractive Returns – projected returns vary by crop and plan (e.g. vanilla programs with higher return potentials).
- Investor Protections – specimen agreements, insurance options, transparent reporting.
- Site Visits – scheduled periodic visits to farmland and estates.

# Quality Assurance & Traceability

We maintain full traceability from planting to export. Our practices include:

- Detailed batch and field records.
- Post-harvest handling to preserve quality.
- Pursuit of third-party certifications (organic, GMP, HACCP and other relevant standards) as requested by buyers.

# Sustainability & Social Responsibility

- Conserving soil, water and biodiversity through regenerative farming methods.
- Ensuring fair labour practices, worker training and community upliftment.
- Minimising environmental footprint via responsible waste and resource management.

Since 2019
